

Software Advice Names The EDGE™ Estimator in FrontRunners Quadrant for Construction Estimating Software.

Boynton Beach, FL November 2017—The Estimating Edge announced today it has placed as a Master on the FrontRunners quadrant for Construction Estimating software.

"We are extremely proud of this and the recognition The EDGE™ Estimator has received," commented Tami Zimmel, VP Marketing of The Estimating Edge. "Our mission is to deliver value to specialty subcontractors and to be the software of choice for our customers."

FrontRunners is published on Software Advice, a trusted resource for software buyers. FrontRunners evaluates verified product data and end user reviews from [softwareadvice.com](https://www.softwareadvice.com), [capterra.com](https://www.capterra.com) and [getapp.com](https://www.getapp.com), positioning the top scoring products based on capability and value for small businesses. The FrontRunners quadrant for Construction Estimating software is available at <https://www.softwareadvice.com/construction/cost-estimating-software-comparison/#top-products>.

The **Estimating Edge** has been helping the construction industry with job estimating for 30 years. Developed by tradesmen, The EDGE is designed around construction workflow.
